Hourly Flexible Gigworker Matching platform EasyTask

Flexible Online Task Support Platform for the Time You Need

EasyTask is an online task support platform that allows everyone to get flexible help for the time they need without the burden of hiring and management.
You need time for work we connect you with flexible gig workers.

Pioneering the Future of Digital Work

The digital transformation is accelerating due to the Fourth Industrial Revolution and the COVID-19 pandemic. As a result, who works, where they work, and how they work are changing rapidly. The workforce is becoming more diverse, and workplaces are increasingly decentralized

We are in an era where we need to redefine work, the workforce, and the workplace. Our goal is to transform the traditional freelance and employment markets to build a more flexible and dynamic job ecosystem.

Hello, I am Hyejin Jeon, the CEO of EasyTask

We are opening a new way of collaboration

At EasyTask, we believe in redefining traditional employment. Our platform not only offers flexible work opportunities, but also fosters a collaborative environment where users can share their skills and assist each other with various tasks. By connecting people who need help with those who can provide it, we create a dynamic and supportive ecosystem for everyone.

Request a Task

Please provide a detailed description of the task.

Hello, Gig Worker.

I would like to request the following task:

Please tidy up the business plan PowerPoint (29 slides in total). You should ensure consistency in font, shapes, colors, and line spacing throughout the presentation. I will provide reference materials for your guidance.

- Task Priority: None
- Intermediate Review: Please let me know the amount of work completed after 1 hour (to check work speed).
- Task Completion: If time is insufficient, extend the time to complete the task as needed.
- Guides/Samples/Attachments: To be sent via chat after matching is complete.
- Additional Requests: Please use the Nanum Square free font (download it in advance).

Thank you!

☒ Before matching, the gig worker can view the attached materials.
